Electronic Surveillance - United States v. Thomas  
King Forcade and Cindy Ornsteen (S.D. of Fla.)

Thomas King Forcade and Cindy Ornsteen have been indicted for violations of Title 18, United States Code, Sections 5861(c), (d), and 5871, and the case is now pending in the United States District Court for the Southern District of Florida. In connection with this proceeding, it is anticipated that these defendants will file motions for the disclosure of electronic surveillance information.

It is requested that you supply us with electronic surveillance information on said individuals, following the form given in the memorandum from former Assistant Attorney General, Will Wilson to former Director, J. Edgar Hoover, dated April 16 1969, and captioned "Electronic Surveillance, [redacted] et al." In addition, should your files reveal that conversations of these individuals have been monitored by electronic surveillance devices or that any premises in which they had a proprietary interest at the time were the subject of electronic surveillance, we would appreciate your furnishing us with the following:

1. logs disclosing the conversations of the defendants and logs of any of the premises in which the defendants are or were the owners, lessees or licensees;
2. any airtels which expand or summarize the portions of the logs disclosed unless fully reflected in the log itself; *100-13673-1*

3. any memorandum, including reports to the Department of Justice, which expand or summarize the portions of the logs mentioned above or which demonstrate pertinent leads which may have come from the electronic surveillance; and
4. copies of the appropriate Attorney General's authorizations for each electronic surveillance.

If your records indicate that these individuals have used other names, please check your electronic surveillance indices with respect to such names.

Finally, please refer to the Attorney General's memorandum of July 14, 1969, captioned "Electronic Surveillance," outlining certain procedures to be followed to insure against the monitoring of the individuals, their attorneys, or defense strategy conversations. Similar procedures should be instituted by the Bureau with respect to these individuals. The identities of the attorneys representing Forcade and Ornsteen are to this date unknown.

You will find attached such identifying data as is presently available. In view of the pendency of court proceedings, we ask that you handle this matter as expeditiously as possible. Your response should be furnished direct to [redacted] Attorney General, Internal Security Division.

Recipient offices should conduct appropriate electronic surveillance checks to answer specific questions set forth in the enclosures. If affirmative, replies should be submitted to Headquarters in form suitable for dissemination under the above caption and answers should be keyed to correspond with questions 1 - 4 in enclosed letter dated 2/16/73.

Furnish 1 true copy of logs covering monitored conversations and 1 copy of necessary communications which actually expand or summarize portions of the individuals' conversations contained in the logs. Insure such logs are carefully reviewed prior to transmittal and recommend excisions where necessary.

In compliance with the Department's admonition as contained on page 2 of enclosed letter dated 2/16/73, recipients should insure against monitoring of captioned individuals, their attorneys or defense attorneys' strategy conversations available through any existing sensitive coverage.

Information sought by the Department should be submitted to reach Headquarters no later than close of business 3/9/73.

As you know, the decision of the Supreme Court on March 10, 1969, in Willie Israel Alderman, et al. v. United States expanded the concept of standing with respect to electronic surveillance and held that an individual has standing not only with respect to his own overheard conversations but also with respect to overhearings on premises in which he has a proprietary interest, even though he was not present at the time of the conversations. Because of this decision, it will be necessary in future requests for electronic surveillance information to ascertain whether or not there was coverage on premises in which the subject had a proprietary interest. Accordingly, it is requested that you advise as to each of the individuals on the attached list:

- (a) Whether the named individual appears to be present at, or a participant in, conversations overheard in any electronic surveillance by your agency.
- (b) Whether an electronic surveillance was conducted on any premises of which the named individual was the owner, lessee or licensee.
- (c) If the individual or the premises of which the individual was owner, lessee or licensee was the subject of an electronic surveillance, did the surveillance consist of wiretapping or an electronic eavesdropping device.
- (d) If the latter, please advise us of the method of entry utilized in the placement of the device.
- (e) Was the information from any such device disseminated in any manner to any other agency. If so, when and to whom?
- (f) Did the information from any such device appear directly or indirectly in any reports made in reference to the individual by your agency. If so, would you please advise us of the reports in which such information appeared and if the information was attributed to a "T" symbol, the designation of that symbol in the [redacted] SEARCHED INDEXED REPORTS

your records indicate that the individuals having names other than those indicated, please check your electronic surveillance
